

Commercial Van Security

MVP™ 1000

Easy to use,
quick install lock

The perfect fit for commercial
vehicle locking, offering affordability,
ease-of-fit and robust security.

MVP™ 1000

Easy to use,
easy to install
simpler than ever
to keep vans secure

Highly secure, highly visible, defence against the latest methods of attack

Designed and tested to withstand drilling, picking and peel-and-steal. A van is often the heart of a business. By protecting a van, you protect a livelihood.

- Easy to use, easy to install
- MTL300, patented cylinder locking system, with no card no key policy giving you peace of mind that no unauthorised key duplication can be done
- Flexible keying options, such as an optional keyed-alike kit for rear and side doors or any other combination
- Reversible nickel silver key with plastic key head and coloured insert for identification. Also available in all nickel silver keys
- A push-to-lock mechanism means you don't need a key to lock up
- Robust, high precision aluminium lock structure
- The Mul-T-Lock Approved Locksmiths network is nation-wide. Contact us today for more details or visit our website for your nearest approved locksmith
