

MTL™ 400

ADVANCED PROTECTION

MTL™ 400

EFFECTIVE. ATTRACTIVE. CONVENIENT.

UPGRADE YOUR HOME SECURITY AND SIMPLIFY YOUR LIFE

MTL™ 400 presents you with numerous options for conveniently securing all your assets, while meeting your every home locking need.

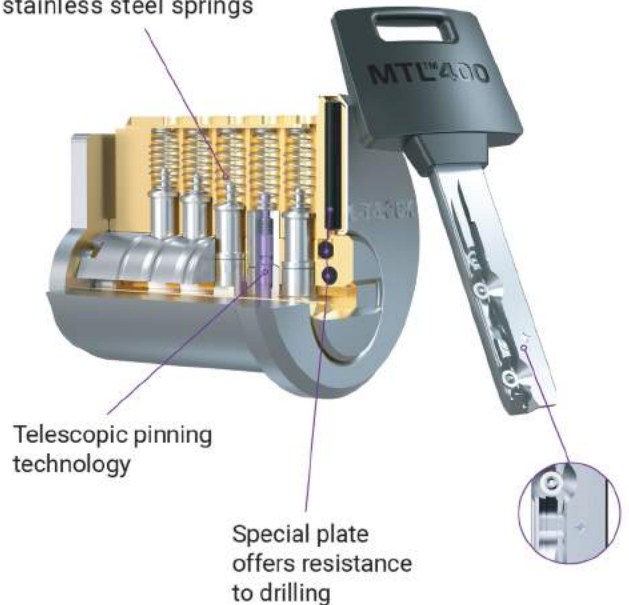

Keyed Different Access each door with a different key.

Keyed Alike Access multiple doors with a single key.

The Master Key System creates a smart and secure locking solution that uses a single key to open all your doors while empowering you to selectively grant access to certain rooms.

Ask your locksmith about Mul-T-Lock keying options

Made of high quality materials including durable stainless steel springs

Telescopic pinning technology

Special plate offers resistance to drilling

KEY CONTROL

Empowering you with another layer of protection, the MTL™ 400 comes with a unique magnetic card to be presented by the owner to an authorized Mul-T-Lock® locksmith for additional keys.

Thousands of possible unique combinations within the same system, for convenience and enhanced security

Comes with a unique magnetic card and patent protected keys to provide enhanced key control

Resistant to picks, bumps, drills and other forms of lock manipulation

Compliant with international standards

Integrates with a wide range of locking products

Great for you, great for the environment

ADVANCED MASTER KEY SYSTEM CAPABILITIES

MTL™ 400 allows you to design the locking system that best meets your business' unique needs as they grow and evolve, without compromising on advanced levels of security.

Ideal for a wide range of applications, MTL™ 400 can easily be integrated to open all entries with a single key, while controlling all users' access permissions to areas of your choosing, thanks to Mul-T-Lock® Master Key Systems.

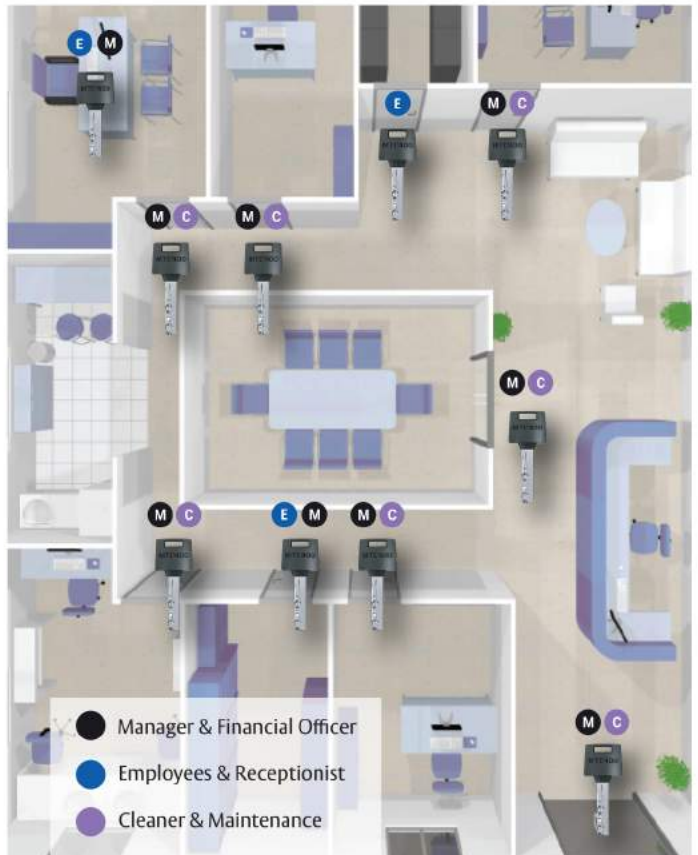

ONE-KEY LOCKING SOLUTION

Users can be given a single master key to unlock all or selected doors, dramatically reducing the number of keys in circulation and enabling more dynamic access control and convenience.

A system that grows with your business

The MTL™ 400 can be applied to a wide range of products, including padlocks, locks and cylinders.

Various planning options enable further system expansion and scalability to any environment.

AntiBacterial

MTL™ 400 is available in AntiBacterial Keys.
